OBJECTIVE

Hardworking student seeking employment in the field of Information Technology and Software Development.

EDUCATION

Computer Programmer | Seneca College

2021 – NOW

I am currently studying how to use the Linux Operating System and solve small tasks using the C programming language.

High School | Ismail Qemali, Tirana, Albania

2018 – 2021

President of the student council from 2020 – 2021. Throughout my three years of high school, I maintained a 4.0 GPA while showing strong leadership and organizing skill.

EXPERIENCE

Internship | Ansig Insurance Company

JUNE 2021 – AUGUST 2021

2-month internship in a well-known insurance company located in Tirana, Albania. My role was to assist the senior developer with various problem-solving tasks. I worked with databases and learned the basics of MySQL while applying C++ knowledge.

SKILLS

- C++ and C language
- Linux Operating System
- Problem Solving
- Team Player
- Fast-Learner

ACTIVITIES

I took part in a volunteer programme run by the US embassy. During the earthquake disaster in Albania, I assisted the homeless from across the nation. I also exhibited outstanding debating skills in the debate tournament and received awards and recognition for my efforts. In addition, I attended Arizona State University's McCain Institute's Character-Driven Leadership Workshop.
